

UC Health - West Chester Hospital Health and Wellness Speaking Series Kickoff

In a previous Village News, we announced that to enhance the services we provide our residents and strengthen our relationship with West Chester Hospital (WCH), we converged with the creation of the WCH Health and Wellness Speaking Series. The series will begin in October, and you won't want to miss it!

Chaplain's Corner

BY CHAPLAIN DAVID RAY

"...he will bring out the capstone to shouts of 'God bless it! God bless it!'" (Zech 4:7)

In January of this year, we were finally able to open the Stone Center & Auditorium for weekday gatherings and Sunday services. It was a bit like a late Christmas present for us—long awaited and joyfully celebrated.

The Stone Center has hosted a variety of events, large and small: worship, concerts, funerals, meetings, banquets, and more. Plus, it has provided a much-welcomed space for friends and small groups to enjoy each other's company in the Gathering Place.

I was privileged to know and love Sam & Gwen Stone, for whom our new Center was named. They were gracious and loving souls and would have delighted to live to see the building's completion. Sam served for several years as Dean of Cincinnati Bible Seminary, a same role I also filled several years ago. Sam was also a long-time professor, writer, pastor, a Christian magazine editor. But as much as anything, he was a man of supreme Christian character. It is fitting that our Stone Center honors both Sam and Gwen's exemplary lives.

The total cost of the Stone Center was almost \$3 million, funded with generous gifts from many who loved the Stones as well as our Village. Over \$1 million of the total needed funding came from Village residents. Amazing! And the Center is almost fully funded, with only about \$325,000 that remains.

Through the month of October, you will hear about a

short campaign we're calling: "Raising the Capstone." I'll be sharing a series of Sunday sermons drawn from early chapters of the Old Testament prophecy of Zechariah—a book written during a time when Israel was called to rebuild Jerusalem's temple after a long and painful exile. The prophecy reveals that all would lead to a grand celebration, when a capstone would finally be set in place, with accompanying shouts of: "God bless it! God bless it!"

Our goal is to do the same, "RAISING THE CAPSTONE," by receiving the remaining gifts needed to fully fund our new Stone Center. Watch for details about how you can personally join in this celebration!

Social Services

BY HEATHER CARTER, LSW, DIRECTOR OF SOCIAL SERVICES

File of Life

The File of Life is an important document for you to keep updated with your medical condition as well as emergency contact. The City of Mason Paramedics and other surrounding units that respond to an emergency at your residence, look for this document. We had a recent situation in which 911 was contacted and the medics were not able to find the File of Life. This may cause a delay in notification to your emergency contact and at times, not knowing your health status, could lead to a delay in proper treatment. Please be sure to complete this document if you have not done so. It is also important to keep the document up to date, with changes in medications, new medical diagnosis or change of phone number for your emergency contact.

The File of Life forms are duplicate copy forms. A copy should be kept in the magnetic pouch on your refrigerator. The bottom, or yellow copy, should be provided to the Social Service office. Blank copies can be picked up from the receptionist or in the Social Service office. If you are unable to come to the main building we would be happy to deliver these to you. Garden Apartment residents are not required to complete a File of Life. If you have any questions or need copies of the File of Life of magnetic pouch, please give me a call at 701-3403.

The Well

BY KYRA SCHROER, DIRECTOR OF FITNESS & WELLNESS

Dare to not Compare

My youngest daughter, Tara, recently moved to South Carolina to start her first year as a first-grade teacher. She was feeling overwhelmed and started comparing her classroom to some of the other teacher's rooms. One of the veteran teachers told her that comparing herself to others is allowing Satan to stop her from doing the work God gave her to do. I had told her that during her high school years, but hearing it from someone not related to her made an impact. God bless that teacher!

As the youngest of four girls, I did some comparison growing up both within my family and with my peers. I have come to the realization that if I look with envy at other people's gifts and don't value my own, it does allow Satan to stop me from doing the work God gave me to do. I was not athletic and have memories of being picked last or close to last for dodge ball games. My passion for exercise started in high school even though I wasn't "athletic". It just made me feel better and think better when I moved. I've been moving ever since, and it has benefited both my physical and mental health. Practice makes us better, and if we want to get better at something then we need to keep doing it.

Group Fitness Opportunities

I am happy to report that my balance class and line dance class have good attendance, and the current schedule will continue. Some of you may be aware that chair volleyball is being played every other Tuesday in the group fitness room. This is an activity that Tracy's team started and manages. It is open to both apartments and homes, so you are encouraged to join the fun.

Good News! I am bringing ping pong back on Thursday afternoons. We will start with every other week and see how it goes, so please check the calendar for dates/times. I will take responsibility for getting the table

set up, and we can start with a two-hour window of opportunity for play. This will allow people to come and go for shorter periods, because ping pong is rather tiring.

Group fitness is more fun than doing it alone, and as one resident said today, sociability is the #1 reason. It is tempting to compare ourselves with others in this setting, so I challenge you to just do the best you can and celebrate that you are still able to do as much as you are able to do. If you are staying safe and having FUN, you are doing it right.

You Never Know

BY RUTH ODOR,
GARDEN APARTMENT
RESIDENT

TRANSITIONS AND MIDDLE C

We should have expected them--transitions, but most of us didn't. In this place where we live there are transitions every day. A neighbor is here one day and gone the next. I no longer go to a friend's home for lunch or just a visit. No more trips to restaurants or ballets for she has moved to the Guardian Center and does not always know who I am. A different nurse checks my temperature; a different server in the dining room brings my coffee; a different preacher delivers the message on Sunday. All this without even mentioning all the changes brought about by the pandemic. Is nothing constant? We wonder.

My mother was a piano teacher. For all beginners she began the first lesson by pointing out Middle C on the piano. Then she would tell the student, "Put your finger on Middle C." And at the second lesson she would ask the student to find Middle C. We soon learned that Middle C was the basis for everything else.

When you strike a tuning fork on wood or metal it produces an almost pure tone, Middle C. This tone is one of definite and constant pitch. The soloist may be singing flat. The piano may be out of tune. But Middle C is still, and always will be, Middle C.

In this world of change we need a Middle C. We need someone who is definite and constant, someone who never changes. How good to know that our Heavenly Father never changes. He is the same yesterday, today, and forever. "I the Lord do not change," He tells us in Malachi 3:6. "Thou changest not; As Thou hast been Thou forever wilt be," we sing. We quote and describe Him as "The Father of the heavenly lights, who does not change like shifting shadows" (James 1:17). His love for us never changes. It is never more one day and less the next, depending upon our behavior or our attitude. It is always all it can be.

And so we sing, "Change and decay in all around I see." And we pray, "Oh Thou who changest not, abide with me."
